

What have Hangklip-Kleinmond Tourism been up to?

Big Blues Music Festival Schools Project 2013

The chief objective of the annual BIG BLUES MUSIC FESTIVAL that takes place in Kleinmond is to promote our town and to give back to the community as much as possible.

This year the coordinators for the Big Blues Music Festival vowed to assist the local schools in the Hangklip-Kleinmond area with the funds raised from the festival.

Organisers got the ball rolling early in the year by liaising with schools, day-care centres and crèche's from Kleinmond to Rooiels to assess their needs and how the festival can help make their every day undertaking to care for, and educate our children a smidgen less trouble-free.

Each school produced a wish list of material, toys or equipment that they require for the children's everyday utilization.

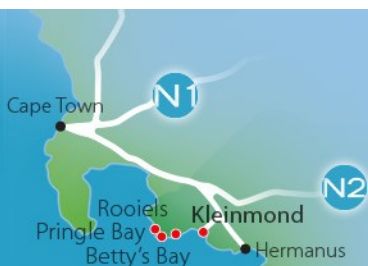

Hangklip-Kleinmond Tourism Bureau already paid a visit to Laerskool Kleinmond, Kleinmond Child Welfare, Heidelberg, Siyabulela, Bamabanani and 1000 Voetjies to hand over the various items acquired from the funds raised through the Big Blues Music Festival.

Krappies & Krefies, Muis Paleis, Kleinmond Primer, Pikkewyntjies and Pringle House will be the next group of schools to be visited by the Bureau.

This has been a truly rewarding experience and we believe that investing in the youth will guarantee the preservation of the gorgeous Hangklip-Kleinmond area, and ultimately pay dividends by creating young tourism emissaries.

Penguin Waddle 2013

The African penguin population is currently less than 5% of the original population and still declining rapidly, with an 80% decline since the 1950s, and a 60% decline in the past decade. As a result, it has been classified as ENDANGERED by the IUCN, and is listed in Appendix II of CITES and the Bonn Convention for the conservation of migratory species. It is estimated that the African penguin could be extinct within the next 15 to 20 years!

These frightening facts inspired the initial Penguin Promises Waddle for a week from Gansbaai to Simons town in 2011. It proved to be an immense success and has since become an annual event. The objective is to generate further sensitivity and consciousness every year for these species which are both endemic and in danger of extinction, and to inspire accountable action from the public.

On Thursday morning 25 March 2013 a group of enthusiastic penguin campaigners travelled through Kleinmond on their way to Simons town in aid of raising awareness for the African Penguin.

The team from Hangklip-Kleinmond Tourism Bureau welcomed the Waddlers with some refreshments and information on the area at Siyabulela Pre-Primary. After having joined in the fun as the little one's entertained them with cheerful song and dance, the group were on their way again to Betty's Bay in high spirits.

Members Mingle April 2013

Our first Members Mingle for 2013 took place on Tuesday the 30th of April 2013. The theme was Mardi Gras and the evening was hosted by Eugene and Deon from Fountain Square in Harbour Road.

Liz Fick, Exco Chairperson, introduced the new workforce for the Hangklip-Kleinmond Tourism Bureau. For those members whom are not yet familiar with the team, they are:

Celeste Scheepers - Manager

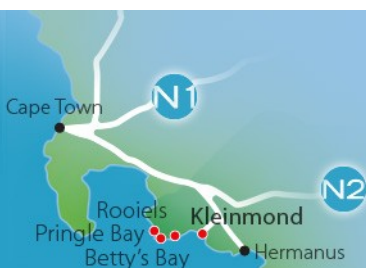

Anecia Olivier and Yolandi Prinsloo – Tourism Officers

A big thank you to Eugene, Deon and the staff from Fountain Square for welcoming us to your Restaurant and for preparing such a lovely feast for our guests.

The Menu included Vodka Punch as a welcome drink, the main dish was a Black-eyed Pea and Beef Stew, and for desert a delectable Stewed Fruit and Caramel sauce was served.

The prize for best dressed guests went to Tom and Eleanor Prinsloo from Holidayescape in Kleinmond.

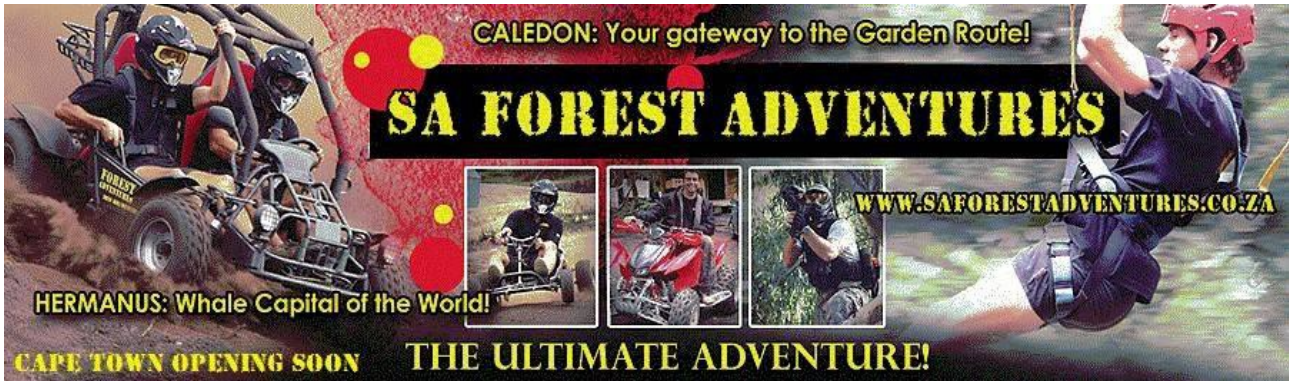

Above all we would like to thank all of our members who were able to join us for this fun filled evening. Without you it would not have been possible.

GOOD HOPE FM ADVENTURE RACE

Hi Celeste

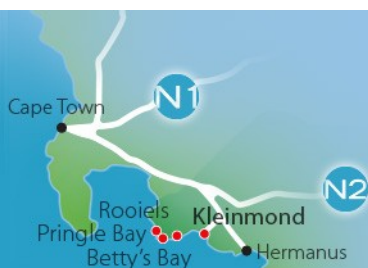

Thank you so much for the support before and during the event!!!!!!!!!!

Kindly also thank the staff and Cecile Jonkheid the area manager for her support.

We will provide you with dates for the 2014 event in a month's time. Yes All of the sponsors have asked for a yearly event.

Kindly also send your members the following link - This is the official event video and I would love for everyone to see the video.

Uit die Fynboskat deur Kleinmond Natuurbewaringsvereniging

Na 'n lang somer is die Kleinmondse berg- en seefynbos redelik droog en die blomme nie so vollop nie. Daar is egter een fynbos familie wat die wa deur die drif trek en bewys hoe taai en lewenskragtig dit is : ons lieue, onoortreflike Ericas. Wat variasie in vorm en voorkoms betref is daar min gelyke hier rond --- blommetjievorms in klokkies, pypies, bolletjies, klossies ; fyn en groot.

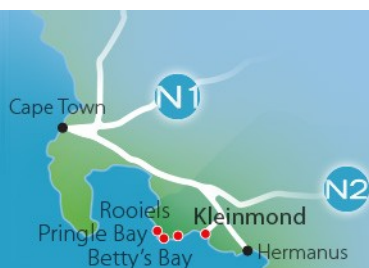

Kom kyk gerus na bykans dertig verskillende individue (of spesies) van die Erica --- daar is kleure en vorms en heuninggeure wat die speelsheid en wonder van die fynbos beklemtoon.

Na die afgelope goeie reën begin die Protea familie letterlik kop uitsteek. Skielik is daar oral wit en rooi suikerbosse (*Protea repens*), groen *P.coronata* met sy wit baardjie (hoog op langs die gruispad), die koningsprotea, (*P. cynaroides*) wat so lekker kan wegkruip en ons eie Botrivierprotea. (*P. compacta*) Hoog in die berg is die Swartbaardprotea meer volop. (*P. lepidocarpodendron*) Sy pragtige swart fluweel baard is kenmerkend. Twee ander soorte kom ook nou voor ---- die klein pikante *P.mundii* en die groter *P. nerifolia* : beide besonders in vorm, kleur en tekstuur.

En moenie die wit knopiesbosse vergeet nie ---- by die see blom die *Phyllica ericoides* en daar is nog twee ander spesies in die berg wat ewe mooi is. Kom kyk self! Bogenoemde fynbosblomme word tans te sien by die inligtingsburo, maar daar is ook ander interessante blommetjies uit die berg en omgewing wat deel van die uitstalling uitmaak. Lekker van die fynbos is die verassings wat jy raakloop ----- daar is altyd iets nuuts of 'n ou bekende wat weer sy verskyning maak.

Om dié rede verander die blomuitstalling ook sodat daar ten minste elke twee weke nuwe spesies bykom en ander wegval ----- iemand wat iets van die fynbos wil leer en bewonder moet deur die jaar kom kyk en minstens eenmaal elke maand. In die lente dan ook meer dikwels.

Op die oomblik word mens verras met 'n sterk heuninggeur as jy in die veld rondloop en by nadere ondersoek vind jy dis die bekende blombos (*Metalasia muricata*) van die asterfamilie (*Asteraceae*) wat plek-plek in oorvloed voorkom. Die blombos het nog 'n paar verwante spesies wat rondom ons dorp voorkom. Die *M. densa* met sy kleiner blomhofies, *M. lichtensteinii* met sy stekelrige blaartjies en die *M. erubescens* met sy pragtige pienk blomhofies is voorbeelde hiervan.

Gratitude for my Mother

Dear Lord, today I turn to you to give you thanks for my Mother.

With your own gift of life, she bore me in her womb and gave me life.

She tenderly, patiently cared for me and taught me to walk and talk.

She read to me and made me laugh.

No one delighted in my successes more; no one could comfort me better in my failures.

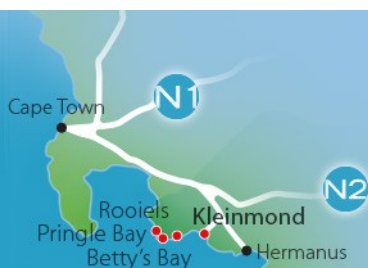

I am so grateful for how she mothered me and mentored me, and even disciplined me.

Please bless her, Lord, and comfort her. Help her loving heart to continue to love and give of herself to others.

Strengthen her when she is down and give her hope when she is discouraged.

Most of all, Lord, on this Mother's Day, give my Mother the graces she most needs and desires today.

AMEN
