

WELCOME TO *Our Biosphere*

In Hangklip/Kleinmond, we are privileged to have nature right on our doorstep but this privilege comes with responsibility. In order to peacefully co-exist with, and protect our baboons, we need to ensure that everyone plays their part.

HELP US to help the baboons by doing your part in making a positive and meaningful change.

Black bags attract baboons and fines

- 1 Do not feed the baboons**
- 2 Leave only your footprints - always put your waste into a baboon-proof bin**
- 3 Never leave black bags on the pavement**
- 4 Secure your home**

This festive season give a gift that makes a difference.
Sponsor a baboon-proof bin for one of our public areas for only R900
and help us work together to make a positive change.
